

IMPORTANT NOTICE

A recent change in the Statutes eliminated the Pre-election Report for the February 5, 2008 General Primary Election.

However, committees will be required to report donations in aggregate of more than \$500 received during the period of January 1st through and including February 4th. You will have two business days to report the donations on a Schedule A-1. We have included an A-1 with this notice; you may duplicate it or you may go to our website www.elections.il.gov, and download additional A-1's as needed. Also, if you file your reports electronically the A-1's will need to be filed electronically as well.
